**Boys & Girls Clubs of Central Florida Receives \$5,000.00 Grant from  
Balda Family Foundation**

**ORLANDO, July 27, 2018** - Boys & Girls Clubs of Central Florida (BGCCF) recently received a \$5,000 grant from Balda Family Foundation (BFF) to benefit the Education & Career Development core programs at the Temple Terrace Branch.

BGCCF celebrates and reinforces continual learning. The programs at the Temple Terrace Branch empower Club members to establish a relationship between their coursework and academic success in middle and high school and their post-secondary goals, so they can fulfill their career goals and reach their Great Futures. With the help of high-yield activities and targeted educational programming such as Power Hour (homework assistance), Money Matters (financial literacy), diplomas2Degrees and Goals for Graduation (goal-setting), BGCCF offers extended learning opportunities and educational enrichments that help improve young people's academic performances and encourage them to graduate high school with a plan set in place for their future.

The Balda Family Foundation grant will provide Temple Terrace Branch Club members additional exposure to colleges and direct resources, including SAT and ACT prep books, summer college tours and assistance with college admission costs. The funding will also support the cost of Club staff time, which is critical to facilitate the Club's key programs. Additionally, the grant will fund a "College Corner" at the Club, which will include a dedicated computer for teens to research colleges, universities and technical schools and to prepare for college admissions.
