- Happy
- Hopeful

What is one goal you have set for the future?

Serve on a Company Board

If you could learn something new, what would it be?

Fly an airplane.

If you had a whole day to do whatever you wanted, what would you do?

I like nature, animals, particularly birds. I would like to spend the day somewhere with interesting animal life, hike around, bird watch and relax.

What are some of your interests or hobbies?

I am interested in space exploration and like to see launches and planetary objects. I like to ride my bike for fun and exercise. I like to play cards and other games.

What are some adversities you faced in middle school or high school? (i.e. bullying, peer pressure, drugs, alcohol, etc.) How did you handle these adversities?

One of my biggest challenges was that my father's job required us to move around a lot and I was often changing schools and being the new kid all over again.

If you could tell your younger self any piece of advice, what would it be and why?

Slow down and enjoy life more. I was in a rush to get through school and start working. It would have been great to have taken time to do things that would be harder to do now, like travel coast to coast for an extended period of time.
